

Kanban Board Overview

[« Guide « Previous](#)
[Next »](#)

Choose the “Kanban Board” to come the Kanban Board page

Kanban board:

- Do not have limit time(2 weeks/Sprint) like in Scrum.
- User/Team does not count total points for all Issues.
- Issues are added to Kanban whenever user wants (such as urgent Issue).
- Kanban has maximum Issues(WIP) for each field.

The screenshot shows the 'my agile' Kanban Board interface. At the top, there's a navigation bar with the 'my agile' logo and menu items: 'My Team', 'My Project', 'Backlog', 'Meeting', 'Scrum Board', 'OR', 'Kanban Board', 'Wiki', 'Help', and 'About Us'. Below the navigation bar, there's a 'Select Team' dropdown set to 'Hydra' and a 'Team Member' section with avatars. The main area is divided into columns: 'Product Backlog' (with a '+ New' button), 'To do (15)', 'In progress (15)', and 'Done'. The 'Product Backlog' column lists several user stories and tasks. The 'To do' column has a 'WIP(15)' label and contains three items. The 'In progress' column has a 'Hot Fix' label and a 'WIP(15)' label, and contains two items. The 'Done' column is empty.

Product backlog column:

Gray user story: this user story has been moved to the kanban board

Blue user story: this user story has not been moved to the kanban board

Yellow task: this task is a subtask of user story

1. User story

a. Create user story

Click on "New" button and fill in the name, description and value of user story.

The screenshot shows the 'my agile' interface with the Kanban board selected. On the left, the 'Product Backlog' sidebar has a '+ New' button highlighted with a red box. The main board has columns for 'To do (15)', 'In progress (15)', and 'Done'. The 'To do' column contains three items: #18749, #27718, and #69820. The 'In progress' column contains two items: #32654 and #73246. The 'Done' column is empty.

Click “Save”.

b. Update user story

Click on pencil icon to show the update form

The screenshot shows the 'my agile' interface with the Kanban board. The 'Product Backlog' sidebar is open, showing a list of user stories. The first item, #18749 'Communicate with the fingerprint', is selected, and its update form is displayed. The form includes fields for 'Name(*)', 'Description', and 'Value(*)'. The 'Name' field is filled with 'Communicate with the fingerprint'. The 'Description' field contains the text: 'As an admin I want that the application also can communicate with the fingerprint So that there is no double data Can the application get the entries'. The 'Value' field is set to 100. The 'Update' button is highlighted.

Edit the name, description and value of user story.

The screenshot shows the 'my agile' interface with the Kanban board. The 'Product Backlog' sidebar is open, showing a list of user stories. The first item, #18749 'Communicate with the fingerprint', is selected, and its update form is displayed. The form includes fields for 'Name(*)', 'Description', and 'Value(*)'. The 'Name' field is filled with 'Communicate with the fingerprint'. The 'Description' field contains the text: 'As an admin I want that the application also can communicate with the fingerprint So that there is no double data Can the application get the entries'. The 'Value' field is set to 100. The 'Update' button is highlighted.

Click “Update”.

c. Delete user story

Click on basket icon to delete this user story.

c. Delete subtask

Click on basket icon to delete this subtask.

The screenshot shows the 'my agile' Kanban board interface. The top navigation bar includes 'my agile', 'My Team', 'My Project', 'Backlog', 'Meeting', 'Scrum Board', 'Kanban Board', 'Wiki', 'Help', and 'About Us'. Below the navigation bar, there's a 'Select Team' dropdown set to 'Hydra' and a 'Team Member' section with a row of avatars. A 'Setting' button is in the top right. The main area is divided into columns: 'To do (15)', 'In progress (15)', 'Done', and 'Hot Fix'. The 'In progress' column is further divided into 'Progress' and 'Done'. A task card '#18749 Communicate with the fingerprint' is in the 'In progress' column. The left sidebar shows a 'Product Backlog' with a 'Select Project' dropdown set to 'myTime' and a list of tasks.

Confirm message before delete.

This screenshot is identical to the previous one, but with a 'Confirm' dialog box overlaid on the task card '#18749 Communicate with the fingerprint'. The dialog box has a title bar 'Confirm' and a message 'Do you want to delete this task?'. It has two buttons: 'Yes' and 'No'.

3. Assign task

Drag and drop member image to assign one or more team member to do a task.

This screenshot shows the 'my agile' Kanban board with task assignment. The 'Team Member' section at the top has a red box around the first three avatars, with a '1' next to it. In the 'In progress' column, the task card '#18749 Communicate with the fingerprint' has a red box around it with a '3' next to it. The task card '#69820 Refine all kind of defin...' has a red box around it with a '2' next to it. The task card '#27718 Document for mytime project' has a red box around it with a '1' next to it. The task card '#27715 Fix bugs mytime' has a red box around it with a '1' next to it. The task card '#27715|293 Fix count of without plan' has a red box around it with a '1' next to it. The task card '#27716 Prepare for presentation1' has a red box around it with a '1' next to it. The task card '#85600 test view detail' has a red box around it with a '1' next to it. The task card '#27717 Deploy on real server' has a red box around it with a '1' next to it.

1. List team member
2. People do this task
3. The task is did by more than 3 people.

4. Setting

Click "Setting" button to open the setting panel

Kanban Setting

Add More Field
Add More Swimlane

Field						
To do	Width (%) 20	Done <input type="checkbox"/>	WIP 15	<input type="checkbox"/>		
In progress	Width (%) 20	Done <input checked="" type="checkbox"/>	WIP 15	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Done	Width (%) 20			<input type="checkbox"/>

Close

1. Check the box: separate column to two sub columns (progress and done).
2. WIP (work in progress limit): maximum user story in a field.
3. Change the color of column header.
4. Delete column.
5. Hidden tasks in accepted column after some weeks.
6. Show/hide column.
7. Task limitation in a swimlane. If this value is zero, the swimlane WIP will be WIP value of each column.
8. Change color of swimlane.

a. Add more column for kanban board

Click "Add More Field" button and fill in a name of column.
